

# Museum visit

## Déri museum

<https://www.derimuzeum.hu/>

The Déri Museum is one of the most famous public collections in Debrecen. The museum, built with historical forms - in front of it with the statues of Ferenc Medgyessy - is the jewel of Debrecen city center. The renovated museum was handed over in March 2012. The Ferenc Medgyessy Memorial Museum is a branch of the Déri Museum.

It was founded in 1902.

A group of 25 people (five of them adults) will visit the museum. They go back and forth by train. An exhibition tour was also requested at the museum. How much does the whole trip cost if the price of the children's train ticket there is back 1770ft, the price of the adult ticket there back 3540ft?

Museum children's ticket per person: 900 ft.

The adult: 1800 ft.

The guided tour: 5000 ft.

How much did the whole trip cost? And how much did it cost per head?

Adult train ticket: 3540 ft.

$3540 \times 5 = 17700$  ft.

Child ticket: 1770 ft.

$1770 \times 20 = 35400$  ft.

All train ticket price: 53100 ft.

Adult museum ticket price per person: 1800 ft.

$1800 \times 5 = 9000$  ft.

Children's museum entrance per person: 900 ft.

$900 \times 20 = 18000$  ft.

Guided tour: 5000 ft.

All museum ticket+guided tour=32000 ft.

All cost: 85 100 ft.

Creators: Sebestyén Mihály, Bereczki Péter.
